

## 2011 ADTU TRAINING COURSES

**Five Day Driving While Intoxicated/Standardized Field Sobriety Testing,**” is highly recommended training for officers who have demonstrated a high level of interest in DWI enforcement. The officer will be instructed on the magnitude and scope of DWI related crashes, injuries and deaths as well as other social impacts of the DWI problem. The officer will also be instructed on how to properly administer and interpret the battery of Standardized Field Sobriety Tests. Lastly, the officer will be instructed on the effects of alcohol on the human body, recognizing typical clues of alcohol/drug impaired drivers and how to describe that evidence clearly in written reports and verbal testimony. Upon successful completion of this course officers will receive a certificate of training.

**“Four Day Alcotest 7110 MK III-C Operator,”** is for officers who have a minimum of one year, full time law enforcement experience. In this course, officers will be instructed in the nomenclature and operation of the Alcotest 7110 MK III-C. Additionally, the training will include simulator solution changes, the metric system relating to chemical breath testing, standardized field sobriety testing, New Jersey Title 39, DWI case law and the physiological processes of alcohol in the body. Upon successful completion of this course officers will receive a certificate of training and an Alcotest 7110 MK III-C operator’s card.

**“One Day (4 Hour) Driving While Intoxicated/Standardized Field Sobriety Testing Refresher Course.”** The primary purpose of this course is to improve the overall consistency of administration of the SFST test battery by individual police officers. Officers can refresh their skills with recognizing and interpreting evidence of DWI, administering and interpreting the scientifically validated sobriety tests and describing the DWI evidence clearly and convincingly.

**“Two Day (20 Hour) Advanced Roadside Impaired Driving Enforcement (A-RIDE) Course,”** is for officers who have previously attended the “Five Day Driving While Intoxicated/Standardized Field Sobriety Testing”. The ultimate goal of this course is to help prevent crashes, deaths and injuries by improving enforcement of drug-impaired driving violations. This class focuses on the awareness and recognition of the drug impaired driver and is an interim level of training designed for those motivated law enforcement officers who are considering attending the “Drug Recognition Expert Course.”

**“Drug Recognition Expert Course”.** This course trains law enforcement officers to determine whether a suspect is under the influence of drug(s) and to determine the category of Drug(s) that is causing the observable impairment. This course is conducted in three phases. Phase 1 and Phase 2 are classroom based and cover nine days of material. Phase 3 requires the student to demonstrate their skills by conducting evaluations of test subjects. The student must pass a comprehensive knowledge examination before receiving certification.

**“(1) Day Alcotest Re-Certification Class”.** Operators must attend this re-certification course every Two (2) years to maintain their valid Alcotest Operator Certification.
