LAW AND PUBLIC SAFETY
(a)
DIVISION OF CONSUMER AFFAIRS
NEW JERSEY BOARD OF NURSING
Requirements for Dispensing Medications
Adopted Amendment: N.J.A.C. 13:37-7.10
Proposed: June 20, 2016, at 48 N.J.R. 1059(a).
Adopted: December 2, 2016, by the Board of Nursing, Patricia Ann Murphy, Ph.D., APN, President.
Filed: April 17, 2017, as R.2017 d.094, without change.
Effective Date: May 15, 2017.
Expiration Date: December 15, 2017.

Summary of Public Comments and Agency Responses:
The official comment period ended August 26, 2016. The Board received two comments from the following individuals:
1. Saheen Kalyan-Masih, Director of Public Affairs, Capital Impact Group
2. Debra L. Wentz, Ph.D., President and Chief Executive Officer, New Jersey Association of Mental Health and Addiction Agencies, Inc.
1. COMMENT: A commenter asks if the Board of Medical Examiners requires physicians to comply with the same labelling requirements as are imposed by the amendment to N.J.A.C. 13:37-7.10.
RESPONSE: Yes. The Board of Medical Examiners imposes the similar labelling requirements in N.J.A.C. 13:35-7.5.
2. COMMENT: A commenter recommends that N.J.A.C. 13:37-7.10 be amended to require labels on samples to include the statement: “Not intended for sale.”
RESPONSE: The information required by N.J.A.C. 13:37-7.10 provides patients with information about the nature of the medication they have been provided. The fact that such medication is packaged in a manner that is not intended for sale is not relevant to a patient and the Board declines to change N.J.A.C. 13:37-7.10 as the commenter recommends.

Federal Standards Statement
A Federal standards analysis is not required because there are no Federal laws or standards applicable to the adopted amendment.
