

# 1st Quarter of 2019

# NJGUNStat Report

## Top Source States for Crime Guns

This Quarter, 83% of identified\* crime guns recovered in New Jersey were originally purchased out of state.

\*NOTE: The source state was identified in 569 total traces.

The information on this map is based upon data from the ATF. It is preliminary and subject to further analysis. Not all recovered crime guns traces are complete at this time.
